CLINICAL SOCIETY COMMITTEE

The meeting of the Clinical Society is an interdisciplinary forum to present the clinical cases and/or preliminary research activities of the institution. It provides an opportunity for the staff/student to present interesting and rare case reports, short research, pilot studies, etc that are later open for critical acclaim and cumulative discussion among various departments. In the clinical society meeting, a minimum of three to four presentations are made with relevant clinical pictures or research methodologies. The scientific presentation is done by the staff and CRI students. Clinical students, Interns and Faculty members attend the meeting. It is conducted on the 3rd Friday of every month. 10 to 12 clinical society meetings are held in a year.
