2.6.4 - Presence and periodicity of parent-teachers meetings, remedial measures undertaken and outcome analysis

## $2^{\text {nd }}$ PARENTS TEACHER MEETING REPORT 2022-23

DATE: 09/06/2023
PLACE: Pandur
TIME: $10 \mathrm{am}-2 \mathrm{pm}$
Priyadharshini Dental College and Hospital successfully conducted the second ParentTeacher Meeting for the students from first year to final year BDS students on June 9, 2023. To ensure effective communication, parents were notified through phone calls, and WhatsApp messages well in advance.

This event was organized by Dr. Vijayadhith, Professor and Head, Department of Orthodontics, and Student Coordinator. Specific time lines were allotted for parents to meet the mentors or their ward and the respective department teachers ensured a smooth conduct of the event.

The primary objectives of the meeting were to inform parents of their ward's academic performance, attendance status, and overall discipline. The event started at 10:00 am, and every parent was handed over a detailed form with their attendance percentage, internal assessment marks, and comments, signed by the respective department Heads.

Subsequently, parents were guided to interact with the concerned subject teachers to gain insights into their academic progress. The purpose of this meeting was to inform parents about their ward's performance in individual subjects, emphasizing areas, which require additional attention. This proactive approach is meant to help parents and students to deal with challenges, creating a supportive environment that can lead to better academic performance in future exams.

The department staff members emphasized the significance of meeting attendance requirements, university eligibility criteria, and the criteria for appearing for the TN Dr MGR

Medical examinations. They provided valuable insights into clinical subjects and their importance, particularly for parents of first-year and second-year students, encouraging the development of strong clinical skills.

Additionally, the department staff urged parents to monitor their ward's weekly academic performance, ensuring regular attendance, especially in subjects where improvement is needed for better results. Staff members also personally addressed queries from parents regarding their wards' academic performance and health-related concerns.

As the meeting wrapped up, parents were guided to meet the mentors responsible for overseeing their ward's overall performance. Parents, who were unable to attend the meeting were sought an email to the PDCH official address, citing the reason for non-attendance. Students with low attendance percentages were requested to meet with the principal, with their parents.

The parents expressed concern regarding the quality of food in the mess. The parents were assured that action would be taken to resolve it. Following this, the mentor reported the
issue to the hostel in-charge, and necessary steps were promptly taken. Some parents requested for air-conditioned class rooms.

Lunch was organized for the parents who made the effort to attend the parent-teacher meeting. The meeting concluded with a positive response, fostering meaningful interactions between faculty, parents, and students.

## $2^{\text {nd }}$ PARENTS TEACHER MEETING REPORT 2021-22

## DATE: 10/06/2022

## PLACE: Pandur

TIME: $10 \mathrm{am}-2 \mathrm{pm}$
Priyadharshini Dental College and Hospital conducted a Parent-Teacher Meeting for students from first year to final year BDS on $10^{\text {th }}$ June 2022 from 10:00am. Parents were informed prior through phone call and WhatsApp messages. The meeting was organized by Dr. Vijayadhith, Students coordinator. Time slots were allotted to the parents to meet the respective mentors and department staff.

The purpose of the meeting was to inform the parents about the academic performance, attendance status and discipline of the students. The parents are guided by the volunteers, where the parents have been issued a form enlisting the attendance percentage, internal assessment marks and remarks of the students duly signed by the respective department HOD's.

The parents were then advised to meet with the subject teachers. Following this, the parents were informed about their ward's progress in individuals subjects which may require additional attention by the parents as well as the students to perform well in the future exams. The respective department staff also highlighted the importance of the attendance criteria and the university eligibility criteria and passing criteria to appear for examination. The respective department staff also urged parents to keep track of their ward's weekly academic performance and to make sure that their ward is regular in classes and put in extra effort to improve in weaker subjects for better results. A few parents requested for cafeteria within the dental campus.

Finally, all the parents were asked to meet the mentors of their ward who are in charge of their overall performance. Following this, parents of the students who were not able to attend the meeting were advised to email the institute's official email stating their valid reason

## $1^{\text {st }}$ PARENTS TEACHER MEETING REPORT 2021-22

DATE: 17/12/2021

PLACE: Pandur
TIME: $10 \mathrm{am}-2 \mathrm{pm}$
The First Parent-Teacher Meeting for the students from first year to final year BDS was conducted on December 17, 2021, from 10:00 am to 2:00 pm. The parents of students who failed to score minimum marks in the internal assessment were called for the meeting. They were notified in advance through phone calls and WhatsApp messages. Dr. Vijayadhith, the Student Coordinator, organized the event. Specific timelines are allocated for parents to meet with their mentors and department teachers to ensure orderly conduct of the meeting.

The primary focus of the meeting was to inform parents about academic progress, attendance, and discipline. Beginning at 10:00 am, volunteers distributed detailed forms and guided parents to meet their wards' respective teachers. The aim of this meeting is to assist both parents and students in overcoming challenges to improve future performance. Department staff emphasized the significance of attendance, eligibility, and examination criteria, underscoring the importance of clinical skills for third and fourth-year students.

Parents requested for additional hot water dispenser. The parents were assured that the necessary steps would be taken.

Parents were encouraged to monitor weekly performance and address areas that need progress. The meeting concluded with parents meeting mentors, and those absent were advised to email their reasons to the official email. Students with low attendance were insisted on meeting the principal with their parents. Lunch was provided for all parents who attended the parent-teacher meeting. The meeting ended with a valuable and insightful discussion about improving the student's overall performance. Parents were informed that the next meeting is scheduled after six months.
