Mam,

(Sub: Completion of the requested survey)

It gives me great pleasure to notify you that in compliance with your request letter dated 04.03.2023, the survey on organ transplantation for terminal illness within Tiruvallur district" has been successfully completed. I'm appreciative of the chance to carry out this research and the genuine effort made by Light a Life Foundation to provide financial support of this project.

The results of our survey will greatly benefit your trust and aid in future plans and strategies.

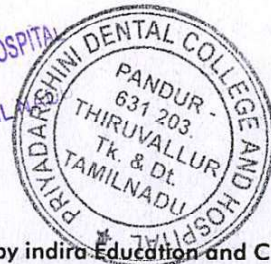

We will send you a comprehensive survey report soon including a summary of the study's findings, and conclusions. I've also included this letter with the study's expenses for your reference. We seek your permission to publish the results of the survey. Working with your group has been an honour, and I'm excited about potential future collaborations. We appreciate your belief in the abilities of our institution.

Thanking you,

Yours truly,

I hope this letter finds it well.

My name is Mr. Karthik Srinivasan Varma, Founder & CEO, Saai Electro Biogenic India Pvt Ltd and I am writing to express my interest in conducting a study with our esteemed product Chitosan and provide us with the results. We are particularly intrigued with the innovative features and potential benefits offered by chitosan in dentistry. We believe that conducting a comprehensive study in using chitosan in extraction sites and other surgical sites would not only enhance our understanding of its capabilities but also provide valuable insights that could benefit both our company and broader community. In exchange of this opportunity to conduct the study, we are willing to provide funding support of Rupees twenty thousand only (Rs. 20,000/-) from our company. The funds would cover expenses related to research material, participant recruitment, data analysis and dissemination of findings.

I am available at your earliest convenience to discuss the opportunity further and address any questions or concerns you may have.

Respected Sir,

Greetings from Udhavum Nanbargal trust!

On behalf of Udhavum Nanbargal Trust, I am writing to express our willingness for a collaborative research project on investigating fluoride levels in our community and their influence on dentition. We are eager to partner with Priyadarshini Dental College and Hospital to conduct this research and we are willing to provide funding for this project. By conducting this Research, we aim to gain insights into the fluoride exposure of our community members and its correlation with dental health outcome. The proposed research involves collecting samples to measure fluoride levels on various sources such as drinking water and dental products. We will also conduct survey to gather data on oral health outcomes and fluoride exposure among community members. By analysing the data, we hope to identify the trends and correlations that can inform public initiatives aimed at improving dental health in our community. We are excited about the opportunity and partner with your institution on the research project and contribute to the advancement of oral health knowledge in our community.

Thanking you,

Yours faithfully,

Respected Sir,

Greetings from Pasumai trust!

I am writing to you on behalf of Pasumai trust, a plant nursery - based trust committed to using the herbal plants for health and well-being. We are interested in collaborating with Priyadarshini Dental College & Hospital to conduct a study on oral health benefits of herbal plants provided by our trust. We believe that conducting a comprehensive study on this topic would not only contribute to the scientific understanding of the herbal remedies but also provide valuable insights that could benefit dental practitioners and patients alike. The proposed study aims to investigate the oral health benefits of specific herbal plants cultivated by our trust for reputed medicinal properties including antimicrobial, anti-inflammatory and analgesic effect. We are willing to provide the funding support for the study upto Rupees twenty thousand only (Rs. 20,000/-) covering all the related expenses. We request you to get the necessary approvals and permissions regarding the same from your end for the successful completion of the study. Kindly consider our proposal and let us know about your willingness to be a part of the study.

Thanking you

I hope this letter finds you well.

I am writing to you on behalf of Chinmaya trust, an organization dedicated to health initiatives within our community. We are interested in collaborating with Priyadarshini Dental College & Hospital to conduct a survey and provide fluoride application among the children of Thiruvallur as a part of our efforts to improve oral health. We believe that it may make a meaningful impact on children's dental health of our community. We strongly believe that it helps us to identify the areas of concern and tailor our intervention to address specific needs effectively. We also believe that fluoride application would effectively prevent the children's dentition against dental caries and promote oral health. We also express our interest to provide financial support for this project as you complete the project and provide us with a detailed project report along with related expenses.

Looking forward to work together to improve oral health outcomes in our community.

I hope this letter finds you in good health.

I, the representative of Smile India charitable trust, a dedicated organisation committed to improving public health outcomes. I am writing to propose a collaborative project and at addressing and assessing the oral needs of children in the Thiruvallur area. We recognise the importance of early intervention and preventive care in promoting oral health among children. Therefore, we are eager to partner with Priyadarshini Dental College and Hospital, a distinguished institution renowned for its expertise in oral health education and research, to conduct a comprehensive study on this topic. Our proposal involves conducting a thorough assessment of oral health status, including factors such as dental caries prevalence, oral hygiene practise and access to oral care services. Additionally, we aim to provide necessary treatment and intervention through your college to address any identified oral health issues among the children participating in the study.

We are pleased to inform you that the Smile India Charitable trust is prepared to fully fund this project covering all expenses associated with research material, personnel, dental treatment and other related cost. Our goal is to ensure that cost is not a barrier to access quality dental care for children in our community. We are confident that the expertise and resource available at your college with greatly enhance the success of this project. Awaiting your reply at the earliest.

Thanking you
