The program commenced with an opening session led by Dr. B Sivapathasundharam, where he emphasized the importance of effective communication skills in the field of dentistry. He highlighted how proficiency in English language and communication is crucial for dental professionals in building rapport with patients, colleagues, and the larger healthcare community.

Following the principal's introduction, an engaging session unfolded, facilitated by Dr.A.Jayasenthil, in-charge of DEU and Professor and Head of the Department of Conservative Dentistry, who also played a pivotal role in coordinating the program, ensuring its smooth execution and maximum benefit to the participating students.

The core of the program revolved around a comprehensive discussion on various aspects of English language speaking skills and effective communication. The resource person for this program DR. Regina Joel M.Ed, PhD shared valuable insights and practical tips to help students improve their communication skills, emphasizing the nuances of professional language used in dental practice.

The discussion covered a wide range of topics, including patient interaction, case presentations, and effective communication within a dental team Dr. Regina Joel, drawing from her expertise, provided real-life scenarios and examples, making the session not only informative but also practical and relevant to the students' future roles as dental professionals.

The interactive nature of the session allowed students to actively participate, seek clarification, and engage in discussions. This approach fostered a dynamic learning environment, encouraging students to apply the knowledge gained immediately.

In conclusion, the English Language and Communication Program organized by the Dental Education Unit and IQAC of PDCH proved to be a valuable initiative in enhancing the language and communication skills of the students. The combination of the welcoming address by Principal Dr. B Sivapathasundharam, and the insightful coordination by Dr.A.Jayasenthil, ensured that the program was not only informative but also an engaging and enriching experience for all participants.

focus on critical analysis is crucial in the field of dentistry, where precision and attention to detail are paramount.

The Orthodontics department's commitment to instilling knowledge in patient comprehensive diagnosis and treatment planning is vital for producing well-rounded dental professionals. The inclusion of training in cephalometric analysis at the undergraduate level since 2014 is a

noteworthy initiative that sets your institution apart from others. Around 150 participants from final years and Interns for the year 2022- 23 have enrolled and benefitted in this program.

Moreover, the emphasis on treatment objectives and planning contributes not only to the students' academic success but also equips them with practical skills essential for their careers. The incorporation of this knowledge into competitive exam preparation is an added benefit, as it ensures that students are well-prepared for both academic assessments and real-world clinical scenarios.

Priyadarshini Dental College and Hospital's Orthodontics department work is aligned with the goal of producing competent and skilled dental professionals who can excel in their

**Report on Personality Development - Gillette Guard Program at Priyadarshini Dental College and Hospital**

Venue: Auditorium, Priyadarshini Dental College and Hospital

Date: 06/07/2021

On the 6th of July 2021, an informative and empowering program was held at the Priyadarshini Dental College and Hospital's auditorium. The event focused on grooming tips to boost confidence, particularly tailored for the students who are about to embark on their professional journey. The program was organized by Gillette Guard and guided by Dr.R.Ganesh, Professor, and Head of the Department of Public Health Dentistry.

The highlight of the event was a lecture delivered by Mrs. S. Vanitha, the campaign manager of Gillette Guard. Her speech aimed to empower students with grooming insights that could enhance their confidence, thus aiding in their professional success.

Dr.C.Vijayadhith, Professor and Head of the Department of Orthodontics, and Dr. V. Indira Priyadarshini, Professor in the Department of Public Health Dentistry, graced the occasion as chief guests. Their presence added prestige to the event and highlighted the importance of grooming in the field of dentistry.

Dr. C.Vijayadhith and Dr. V. Indira Priyadarshini were honored for their valuable contributions to the field of dentistry. Their presence served as motivation for the students to excel in their chosen paths.

As a token of appreciation, Gillette Guard was provided to all the boys who registered their names on the Gillette Guard website. This not only added a practical dimension to the program but also allowed the students to implement the grooming tips shared during the event.

The Gillette Guard program at Priyadarshini Dental College and Hospital was a resounding success, leaving a positive impact on the students. The combination of an insightful lecture, the presence of esteemed guests, and the practical distribution of grooming tools made the event both educational and rewarding. The initiative is commendable for promoting grooming awareness among the future professionals in the field of dentistry.

**HUMAN VALUE DEVELOPMENT – YOUTH RED CROSS –**  
**BLOOD DONATION**

Priyadarshini Dental College and Hospital is an active and registered member of the Indian Red Cross Society. In order to foster the development of human values among all students of Priyadarshini Dental College and Hospital, it is advised that they become members of the Youth Red Cross Committee.

The Youth Red Cross Committee from Priyadarshini Dental College and Hospital, in collaboration with the Department of Transfusion Medicine, Tamil Nadu Dr. MGR Medical University, organized a blood donation camp on April 20, 2022. The aim was to support the life-saving efforts of medical colleges and hospitals in Tamil Nadu and also to enhance the human values among the students.

**-ANALYTICAL SKILLS**

Priyadarshini Dental College and Hospital places a significant emphasis on bolstering students' analytical skills and delivering comprehensive training across various subjects. The pivotal role of critical analysis holds immense importance in the field of dentistry, given the paramount precision and attention to detail required. The Orthodontics department is dedicated to nurturing a profound understanding of patient comprehensive diagnosis and treatment planning, contributing to the development of well-rounded dental professionals.

A noteworthy initiative that distinguishes our institution is the integration of Cephalometric Analysis training at the undergraduate level, a practice implemented since 2014. This proactive approach sets us apart from other institutions. Notably, for the academic year 2021-22, approximately 148 participants from final years and interns have enrolled in this program, showcasing the widespread recognition and participation in this valuable educational opportunity.

The emphasis on treatment objectives and planning contributes not only to the students' academic success but also equips them with practical skills essential for their careers. The incorporation of this knowledge into competitive exam preparation is an added benefit, as it ensures that students are well-prepared for both academic assessments and real-world clinical scenarios.

**Report on National Service Scheme (NSS) Activities and Human Value Development at Priyadarshini Dental College and Hospital**

The National Service Scheme (NSS) is a flagship program initiated by the Government of India under the Ministry of Youth Affairs and Sports. It aims to instil the spirit of Human Value Development through community service, social responsibility, and national integration among the youth through various voluntary activities. Priyadarshini Dental College and Hospital have been actively involved in the NSS program since its approval by the Ministry on June 13, 2022. The institution houses two self-financing units of NSS, engaging a significant number of students in diverse service-oriented endeavors.

As of the current update, there are two self-financing units of NSS operating within Priyadarshini Dental College and Hospital. The institution boasts an impressive enrollment of approximately 300 students actively involved in NSS activities. This substantial participation underscores the enthusiasm and commitment of the student body towards community service and societal welfare.

## PRIYADARSHINI DENTAL COLLEGE AND HOSPITAL

(Approved by Dental Council of India, New Delhi & Affiliated to The Tamilnadu Dr. M.G.R Medical University, Chennai - 32.)

The NSS units at Priyadarshini Dental College and Hospital have been actively engaged in a myriad of activities aimed at addressing various social issues, promoting health awareness, and fostering inclusive development. Some of the key activities undertaken by the NSS units include:

Organizing and conducting health camps in underserved communities to provide basic healthcare services, dental check-ups, and awareness sessions on hygiene and sanitation practices. Collaborating with local blood banks and organizing blood donation drives to contribute to the blood supply for medical emergencies and patients in need.

Conducting awareness campaigns on crucial issues such as oral hygiene, tobacco cessation, mental health awareness, and environmental conservation.

Organizing educational programs, workshops, and skill development sessions for the underprivileged sections of society to enhance their knowledge and empower them for a better future.

Participating in cleanliness drives and initiatives under the Swachh Bharat Abhiyan to promote cleanliness, sanitation, and waste management practices in the surrounding areas.

## PRIYADARSHINI DENTAL COLLEGE AND HOSPITAL

(Approved by Dental Council of India, New Delhi & Affiliated to The Tamilnadu Dr. M.G.R Medical University, Chennai - 32.)

The NSS activities at Priyadarshini Dental College and Hospital have made a significant impact on both the participating students and the communities served. Through their dedicated efforts, the NSS units have been able to reach out to a wide cross-section of society, positively influencing lives and fostering sustainable development. The impact of these activities extends beyond immediate beneficiaries, contributing to the overall social fabric and fostering a sense of responsibility and citizenship among the youth.

The National Service Scheme activities at Priyadarshini Dental College and Hospital serve as a testament to the institution's commitment to social responsibility and community engagement. Through their proactive involvement in diverse service-oriented initiatives, the NSS units have not only enriched the lives of the beneficiaries but also nurtured a generation of socially conscious and empathetic citizens. As we look towards the future, it is imperative to sustain and strengthen these efforts, ensuring that the spirit of volunteerism and social service continues to thrive within the institution and beyond.

### DRAWING AND PAINTING COURSE-REPORT ON 18<sup>TH</sup> SEPTEMBER 2019

The Dental Educational Unit of Priyadarshini Dental College conducted a course on drawing and painting on 18<sup>th</sup> September 2019. The course was attended by the Principal, Vice Principal, and various Head of Departments, Faculty members, Final BDS and CRI students of Priyadarshini Dental College & Hospital.

The course began with Tamizh thai Vaazhthu. The welcome speech was given by senior lecturer in periodontology, Dr. Ayswarya. Mr. Muralidharan, the resource person, was introduced by Dr. A. Jayasenthil, Chairperson of the Dental Educational Unit. Honouring the resource person of the day was Dr. Vijayadhith. C., Professor and Head of the Department of Orthodontics. On the subject of drawing and painting, there were four lectures given in addition to a practical session. He gave an explanation of pencil drawing techniques. He offered a briefing on advanced oil pastel drawing and pointed out fundamental shading techniques. Following each presentation, staff and students were free to discuss the subject. Each participant had the opportunity to demonstrate their drawing skills. Later, as a thank you, Principal Dr. Balasundaram presented the resource person with a certificate of gratitude. Dr. V. Vasanth Ayswarya presented the vote of gratitude. Ultimately, the National Anthem marked the end of the course.

The lecture focused on the intricate aspects of Phonetics and Phonology in the English language. Dr. Radhika Vidhyasagar elucidated upon phonetics, common grammatical errors in English, and discussed English as a language. She provided insights into communication skills, advanced English, and shared valuable tips on improving fluency in spoken English.

Following each presentation, the floor was opened for discussions among the staff and students, fostering an interactive learning environment. Subsequently, Dr. M. K. Venkat Prasad, the Dean, presented a certificate to Dr. Radhika Vidhyasagar as a token of appreciation for her valuable contribution. Dr. Prem Karthick then delivered the vote of thanks, expressing gratitude to all involved in making the course a success. The session concluded with the rendition of the National Anthem, marking the end of the educational endeavor.

## **YOGA AND AWARENESS PROGRAM REPORT**

The Dental Education Unit of Priyadarshini Dental College and Hospital arranged a Yoga wellness program for the students on International Yoga Day, June 21, 2019. Mr. R.Suresh Babu a Yoga instructor for eleven years, led the session, which was attended by Dr. C. Vijayadhith, Dr. Jeyamarthan, Dr. Rajeswari, and CRI students.

Ms. Preetha Prasad, from CRI, gave the welcome speech, while Dr. S. Balasundaram, Chairman of DEU, introduced the instructor. Dean Dr. M.K. Venkat Prasad felicitated the event. Mr. R.Suresh Babu elucidated on the importance of incorporating Yoga into daily routines and its professional benefits. Following this, the practical session commenced.

**CEPHALOMETRICS - A TOOL FOR HOLISTIC DIAGNOSIS  
AND TREATMENT PLANNING IN ORTHODONTICS -  
ANALYTICAL SKILLS**

Priyadarshini Dental College and Hospital places a strong emphasis on enhancing student's analytical skills and providing comprehensive training in various subjects. The focus on critical analysis is crucial in the field of dentistry, where precision and attention to detail are paramount. The Orthodontics department commitment to instilling knowledge in patient comprehensive diagnosis and treatment planning is vital for producing well-rounded dental professionals. The inclusion of training in Cephalometric Analysis at the undergraduate level since 2014 is a noteworthy initiative that sets our institution apart from others. All the 197 participants from final years and Interns for the year 2018-19 have enrolled in this program

## STEINER'S ANALYSIS

### SKELETAL PARAMETERS:

SNA Angle	$82^{\circ} \pm 2^{\circ}$	$86.5^{\circ}$ Prognathic maxilla
SNB Angle	$80^{\circ} \pm 2^{\circ}$	$92.5^{\circ}$ Prognathic mandible
ANB Angle	$2^{\circ}$	$-6^{\circ}$ Skeletal class II
Occlusal plane angle	$14.5^{\circ}$	$7^{\circ}$ Horizontal growth pattern
Mandibular plane angle	$32^{\circ}$	$30^{\circ}$ Horizontal growth pattern

### DENTAL PARAMETERS:

Upper incisor to N-A (angle)	$22^{\circ}$	$44^{\circ}$ proclined upper incisor
Upper incisor to N-A (linear)	4mm	10mm Forwardly placed upper incisor
Lower incisor to N-B (angle)	$25^{\circ}$	$28^{\circ}$ proclined Lower incisor
Lower incisor to N-B (linear)	4mm	8mm Forwardly placed lower incisor
Inter incisal angle	$130^{\circ}$ to $131^{\circ}$	$116^{\circ}$ Proclined upper & lower incisor

### SOFT TISSUE ANALYSIS:

S line: Lips are behind the S-line indicates concave profile.

INFERENCE: Steiner's Analysis indicates prognathic maxilla & mandible. with Horizontal growth pattern in skeletal parameter. & proclined upper & lower incisor & Forwardly placed upper & lower incisor in dental parameter.

DIAGNOSIS: cephalometric Analysis indicates Prognathic maxilla & mandible with proclined upper & lower incisor. & Horizontal growth pattern.
