**Minutes of Meeting**

The meeting for the non-teaching staff was held on 27.12.2022 at 11.30 AM at the Principal's office. All the non-teaching staff attended the meeting.

The **Principal in charge, Dr. Abby Abraham** instructed the receptionist to offer effective support to patients by directing patients to the different departments at the reception by offering clear guidance to which Ms. Indhumathi, the receptionist at the reception desk replied by stating that providing each patient with a convenient college map alongside their OP card would improve the overall experience.

The Principal also reminded to draft clinical posting schedule for the upcoming batch of 3<sup>rd</sup> year students.

The Principal requested a modification of the timetable for final-year students due to a scheduling conflict among staff members, as the same time slot was allocated to 3<sup>rd</sup>-year students in the same department to which Mrs. Meenakshi has asked for additional manpower to fulfill the assigned tasks since she is already occupied with organizing the clinical postings for 3<sup>rd</sup>-year students as doing both tasks within one-day timeframe is challenging for a single person. Thus, he allotted Ms. Sarulatha to assist Ms. Meenakshi.

During the meeting, Ms. Sarulatha, an Admin Staff member, raised a concern about the shortage of materials such as A4 papers, files, and printer inks, as well as the delay in restocking these items. In response, Dr. R. Veerakumar acknowledged the issue and assured Ms. Charulatha that he would escalate the matter to the concerned department to rectify the situation. The meeting by the **Principal in charge Dr. T. Sridhar Reddy** was held on 04.11.2023 at 12.30 PM at the auditorium ,4<sup>th</sup> floor.

Dr. T. Sridhar Reddy stressed the importance of interns participating in intern mentorship programs highlighting that these programs are designed exclusively for the interns to acquire knowledge. Utilizing such programs will benefit them both in the present and future. **MINUTES OF MEETING**

The meeting for the attenders of all the departments was held on 02.12.2023 at 11.30 AM at the Principal's office.

The **Principal in charge, Dr. I. Paavai**, emphasized the importance of proper handling of sharp instruments to ensure the safety and well-being of everyone involved and that it is crucial to prioritize safety measures. She instructed the attenders to always wear the appropriate Personal Protective Equipment (PPE) such as gloves and face masks while handling used instruments. She suggested using needle burners for the safe and efficient disposal of used needles.

She highlighted that effective biomedical waste management is crucial for ensuring the safe disposal of biomedical waste and that the staff members and attenders should diligently segregate waste at the source, utilizing color-coded bins and containers for sharps, infectious waste, hazardous waste, and non-hazardous waste to which Mr. Ravi, attender responded by stating that most of the attenders do not have adequate knowledge regarding biomedical waste management, so it would be beneficial to conduct a class on the topic for them.

Principal in-charge Dr. I. Paavai agreed to the suggestion and stated that she would organize a class for them.

**MINUTES OF MEETING**

The meeting for the internal compliance committee was held on 17.01.2024 at 11.30M.

The **principal in charge, Dr. R. Veerakumar** appreciated the internal compliance committee for their remarkable job in promoting gender sensitization and equity in the institution.

He suggested putting forward newer ideas to enhance the promotion of gender sensitization and equity to which Dr. M. R. C Rajeswari suggested to conduct periodic counselling among students to overcome the fear and hesitation for students and faculty to report to the committee if any harassment faced. The Principal in charge agreed on the same and instructed the committee to maintain a register on the same for both students and faculty members.

Dr. Anitha. P, Tutor suggested to appoint one more warden to the girl's hostel as it enhances the overall safety and security of the residents by ensuring better supervision and monitoring of the premises. With more wardens, it becomes possible to maintain a higher level of discipline and address any issues promptly.

The internal compliance Committee members were requested by the principal in charge to personally monitor and communicate with the students to make sure that no harassment issues go unnoticed to which the committee members agreed.

The principal in charge concluded the meeting with the vote of thanks.
