CHAIRMAN MESSAGE

It gives me immense pleasure to inform that Priyadarshini Dental College and Hospital is all set to conduct the 2nd national conference – National Dental Summit 2023 on April 11th and 12th, 2023.

I welcome all the delegates from various dental institutions. We have invited a distinguished panel of speakers and experts from across the nation to share their knowledge and experiences with us. I am confident that their insights and perspectives will inspire all of us and help us move forward in our quest to provide the best possible dental care to our patients.

The conference has various scientific sessions, table clinic and quiz in the field of research in dentistry for the benefit of budding dentists to thrive all the challenges in the future. Over the course of the next few days, we will be delving into the latest advancements in dentistry, exchanging knowledge, and exploring innovative solutions to improve the oral health of our population in assure the organising team has taken immense efforts for a knowledge enriching and mind stimulating experience to all the delegates.

I wish best wishes for the organizing committee for the grand success of the conference. I also whole heartedly wish many such conferences to be conducted by Priyadarshini Dental College and Hospital in national and international levels.

MANAGING DIRECTOR MESSAGE

Hearty greetings to everyone. As the Managing Director of Indiragroup of Educational Institutions, I welcome you all to come forward to Priyadarshini Dental College and Hospital and participate in NationalDental Summit 2023.

This conference promotes the science based evidence in education and research for students of various dental colleges in and around Tamil Nadu. This forum is a great opportunity for all of us to come together, share knowledge, learn from each other and explore new trends in the field of dentistry.

I invite all students, faculties, researchers and clinicians to use the golden opportunity to participate, interact and benefit from this national conference. I encourage all of you to participate actively in the discussions and to take advantage of the opportunities to learn from your peers.

I am confident that we will all leave this conference with new knowledge, new skills and new relationships that will help us to improve the lives of our patients.

PDCH is extremely delighted and honored in conducting this event and wish to make this event a grand success. We also look forward for many such educational gatherings to be held here for the benefit of all the dental students worldwide.

PRINCIPAL MESSAGE

Greetings. I am proud and honored to serve as the Organizing Chairman of the National Dental Summit 2023, a prominent general dental conference themed "From Research to Reality."

The objective of this general dental conference is to address the academic and research needs of general dental practitioners and undergraduate students. As you are aware, dentistry is a rapidly evolving health field, both in terms of technology and molecular aspects, necessitating the continuous updating of knowledge to keep pace with newer developments. Undoubtedly, this event will provide us with a unique platform for knowledge exchange, experience sharing and the initiation of discussions that will shape the future of dentistry. Beyond the scientific and technical dimensions, I extend a warm welcome to all attendees to make the most of this opportunity to network with delegates from across the nation, engage in building new connections and fostering collaborations that will redefine the boundaries of dental care and research. The responsibilities of a dental professional extend beyond the confines of clinics and laboratories.

I extend my heartfelt gratitude to our esteemed guest speakers who will be sharing their knowledge and wisdom, as well as to the enthusiastic delegates who have registered for participation and scientific presentations. This conference stands as a testament to Priyadarshini Dental College's unwavering commitment to dental education.

Let us remember that we hold the power to make a meaningful impact on the well-being of individuals and communities, contributing to the broader advancement of public health through our collective efforts. With these sentiments, I warmly welcome you all to this national event, where we will learn, inspire, and be inspired. Together, let us pave the way for a healthier and more innovative future in dentistry.

Warm regards.

Dr. Sivapathasundharam B

ORGANISING SECRETARY MESSAGE

Greetings.

I am pleased and honored to be the organizing secretary of the 2nd National Dental Conference, the National Dental Summit 2023 at Priyadarshini Dental College and Hospital. The theme of the conference being, Research to reality, I take this opportunity to make this scientific forum a wide reach to upcoming dentists to enhance their ideas and update in the field of research in dentistry.

Being the second national conference of our college, we shall arrange and organize better with our previous experience. The conference has guest lectures, oral presentations, poster presentations, table clinics and quiz. As dental professionals, we all share a common goal: to improve the oral health and well-being of our patients. This conference is an opportunity for us to come together, share our experiences and expertise, and learn from each other. It helps in constructive new ideas and exchange of knowledge between experts in the field and budding dentists. We have an excellent program lined up with Scientific sessions are conducted in all the nine departments of dentistry.

I am sure this conference will be of great experience and memory in the lane of leaning to all the future dentists looking forward for many such conferences in Priyadarshini dental college and hospital.

SCIENTIFIC CHAIRPERSON MESSAGE

Priyadarshini Dental College and Hospital has taken great initiative in conducting the national conference, NDS 2023. I am honored to be the chairperson of scientific committee of this conference. Our program is designed to provide a comprehensive overview of the latest advances in dental research, technology, and practice. The theme of this conference is "Research to Reality". This conference is devoted to the current research in theory as well as future perspectives in dentistry. We have selected this theme to highlight the importance of translational research and its impact on clinical practice. As dental professionals, we have a responsibility to stay at the forefront of our field and to incorporate new knowledge and techniques into our practice.

The platform has oral presentations and poster presentations in all the nine specialties, table clinics and quiz for competitive learning and sharing of knowledge in the research of dentistry. It paves way for exchanging ideas, discovering novel opportunities, reacquaint with colleagues, meet new friends and broaden their knowledge and research activities for a promising future to the dentists. The conference is organized for 2 days with guest lectures by eminent speakers in the dental fraternity. I am sure all the delegates will have a great learning experience and also utilize and enjoy this conference to its best.

CHIEF GUEST

Dr. Samuel Mathew Kalarickal is a Consultant Interventional Cardiologist with the Cardiology Department at Sir H. N. Reliance Foundation Hospital and Research Centre, Mumbai. Popularly known as the father of Angioplasty in India, Dr. Samuel Mathew a well-known expert in Coronary Angioplasty, Carotid Stenting, Coronary Stenting and Rotablator Atherectomy. He has performed over 10,000 Angioplasties and was the first Indian Cardiothoracic surgeon to initiate the usage of Drug-eluting bio-absorbable stents. He has also provided angioplasty training to numerous surgeons across the United Arab Emirates, Muscat, Indonesia, Thailand, Malaysia, Pakistan, Bangladesh and Sri Lanka.

Further, **Dr. Samuel Mathew** is the founder-convenor of the National Angioplasty Registry of India. He has earlier held the positions of President, Asian-Pacific Society of Interventional Cardiology (1995-97) and Chairman of Interventional Cardiology, Asian-Pacific Society of Cardiology (1995-99). For his dedicated work and contribution to the field of Interventional Cardiology, **Dr Samuel Mathew** was awarded the Padmashree by the President of India in 1999. He is also the recipient of Dr. B. C. Roy Award in Interventional Cardiology (1996), Doctor of Science Award by Dr. M.G.R. University (2003) and Lifetime Achievement Award (2008).

We were extremely privileged in having him as the guest of honour in NDS 2023. He shared his quality lifetime experience and ignited the delegates to stop not until you achieve success of the dream in any profession.

VALEDICTORY FUNCTION

The valedictory function of NDS was graced by Thiru.V.G.Raajendran, Chairman and Tmt. Indira Raajendran, Managing Director Indira group of Educational Institutions. Dr. Ramasamy, Vice Principal, Sri Venkateshwara Dental College and Hospital, and President, Tamil nadu State Dental Council, was the Guest of Honour.

538 delegates registered for conference from various states across the Nation. Participation from 20 dental institutes boomed the conference, out of 268 presentations, 162 were interesting oral presentations and 106 were exciting poster presentations for which 34 Chairpersons of respective departments struggled to narrow down the winners. There were six table clinics and the spotlight of the day was the Quiz which includes 11 teams. Overall 65 prizes were awarded to the winners of the respective competitions which motivated the students to do lot more in the upcoming conferences.
