PATIENT SAFETY

CURRICUUM FOR 2022-2023

Patient safety is our chief priority and as a dental institution, we treat them with prime importance. Discusses the patient safety precautions followed in our institution.

Our organization enhances patient safety by educating non-teaching staffs about reliable risk prevention practices.

PATIENT CARE AND SECURITY:

- Each patient has unique out-patient number that is kept confidentially between the patient and the college and we maintain a card system following this numbering system.
- Patient is given detailed information on the treatment procedures to be performed and get consent sign from all patients in op card.
- We have CCTV Surveillance in each floor.
- Reverse Osmosis drinking water facility available.

INFECTION CONTROL MEASURES:

- All diagnostic and treatment procedures are carried out with instruments that are properly sterilised with utmost care.
- Disinfection of floors, dental chairs are done on a daily basis to ensure protection against the spread of communicable diseases.
- Dental unit waterlines and water quality are checked periodically.
- Use of Disposable gloves, masks, and suction tips.
- Alcohol based hand-rub is available in all departments.
- Fumigation of minor operating theatre and closed clinical areas is done weekly.

PRIYADARSHINI DENTAL COLLEGE AND HOSPITAL

(Approved by Dental Council of India, New Delhi & Affiliated to The Tamilnadu Dr. M.G.R Medical University, Chennai - 32.)

- If any adverse drug events happen, it will be recorded in Suspected Adverse Drug Reaction Reporting form and email will be sent to pvpi@ipcindia.net
- Biomedical wastes are collected in biomedical waste collection bags which are marked with universal biohazard symbol for safety disposal.
- Used needles are disposed through needle burner and cutter immediately after the procedure and disposed safely.
- In case of needle stick injury, immediately wash the wound and surrounding skin with water and soap, and rinse. (Do not scrub not to use antiseptics, bleach, chlorine, alcohol or betadine). All needle stick injury should be reported to the immediate supervisor, and then to the Casualty Medical Officer. An entry is made in the Needle Stick Injury Register.

COVID PROTOCOL:

- Use of personal protective equipment by the dental professionals while treating patients.
- Temperature screening done for patients, dental care providers and staffs.
- In accordance with state and CDC guidelines for healthcare settings, we are maintaining social distancing requirements in our clinical block.
- Periodic disinfection of all clinical areas.

RADIATION PROTECTION:

We follow the AERB guidelines for effective radiation protection such as:

- Warnings are posted of radiation hazards for pregnant women.
- Warnings sign board and light are in place.
- The layout of the Department is as per AERB norms.
- Radiographic Equipment is purchased from AERB certified companies.
- Qualified and trained personnel are employed in Radiology department.
