Thiruvallur

To

The General Manager  
Aavin Milk: Kakkalur Chilling centre  
Kakkalur Industrial Estate  
Thiruvallur

Respected sir,

Sub: [Reg. Request for permission to visit Aavin Milk: Kakkalur Chilling Centre]

I am writing to seek your permission for a field visit to the Aavin Milk Chilling Centre, Kakkalur. This field visit aims to familiarize our students with the operations and processes involved in the production and distribution of dairy products. We believe that a visit to the Aavin Milk Booth will offer valuable insights into the dairy industry and enhance our student's understanding of the importance of dairy products in their daily lives.

We assure you that the visit will be conducted in an organized and disciplined manner, with utmost respect for the facilities and staff at the Kakkalur Chilling centre. We also ensure that the students adhere to all safety regulations and guidelines during the visit.

Thank you for considering our request and we look forward to your positive response.

Yours Sincerely

Dr. B. Sivapathasundharam

**AAVIN CHILLING CENTRE**

**REPORT**

**INTRODUCTION**

Priyadarshini Dental College and Hospital conducted the field visit to Aavin Milk Chilling Centre in Kakkalur Town Panchayat on 06.04.23 (Thursday) from 9.30 am to 1.30 pm. 249 students and three faculty members participated in the program.

The field visit was done to learn about milk sterilization and recycling. The visit was an enriching experience that provided valuable insights into the intricate processes involved in milk production and its transformation into various products. The company's dedication to sustainability, innovation, and quality made a lasting impression and highlighted the importance of the dairy business to the food and beverage industry. This visit has deepened the understanding of industrial operations and its alignment with consumer demands and environmental considerations.

**KEY TAKEAWAYS**

1. **Quality control:** Strict quality control procedures are necessary to guarantee the uniformity and safety of dairy products.
2. **Technological developments:** the effective and high-quality milk processing and packaging achieved by incorporating cutting-edge technologies.
3. **Regulatory compliance:** food safety and quality requirements must be followed to maintain consumer trust.

## PRIYADARSHINI DENTAL COLLEGE AND HOSPITAL

(Approved by Dental Council of India, New Delhi & Affiliated to The Tamilnadu Dr. M.G.R Medical University, Chennai - 32.)

- **Aavin** is a State Government Cooperative under the ownership of Tamil Nadu Cooperative Milk Producers Federation Limited (TNCMPFL), Ministry of Cooperation, Government of Tamil Nadu and the trademark of TNCMPFL. Aavin procures milk, processes it and sells milk and milk products to consumers.
- The Dairy Development Department was established in the year 1958 in Tamil Nadu to oversee and regulate milk production and commercial distribution in the state.
- The Dairy Development Department took over control of the milk cooperatives. It was replaced by the Tamil Nadu Cooperative Milk Producers Federation Limited in the year 1981.
- On 1 February 1981, the commercial activities of the cooperative were handed over to TNCMPFL which sold milk and milk products under the trademark "Aavin".
- Tamil Nadu is one of the leading states in India in milk production with about 14.5 million litres per day and currently has 1 crore daily consumers.

### DETAILS OF JOURNEY

Priyadarshini Dental College and Hospital conducted the industrial visit to Aavin Chilling Centre in Kakkalur Town Panchayat.

The visit was organized by the Department of Public Health Dentistry. The participating students are accompanied by the following faculty members.

1. Dr.Gnanambigai (Department of Oral Pathology)
2. Dr. Sasikala (Department of Public Health Dentistry)
3. Dr. Kishore (Department of Pedodontics).

Faculty members and students were received by the Manager, Mr. Anjaneya Prasad, and were oriented on how the milk was collected from the society centers. Later they were explained about how the milk is heated and stored in the storage room for later use.

Then the students were taught about the pasteurization method which included,

- Three types of milk such as standardized milk, toned milk and full-creamed milk.

## PRIYADARSHINI DENTAL COLLEGE AND HOSPITAL

(Approved by Dental Council of India, New Delhi & Affiliated to The Tamilnadu Dr. M.G.R Medical University, Chennai - 32.)

- The milk was initially heated up to 72.2 degrees Celsius through the process of heat exchange.
- Later they pass through various stages such as the regeneration section, heat injection, and finally through a chilling section.

Packing, storage procedures, and various color coding for the three types of milk were explained. In addition, ghee and guava sweet making are also detailed.

Finally, quality assurance procedures for

- How to determine adulterated milk through Lactoscope.
- How to determine the shelf life through the Methylene blue reduction test.
- Other procedures such as semi-centrifuge and water bath

In detail, milk sterilization and recycling were also explained.

### GROUP OBSERVATION

The field visit was beneficial to the students to learn about sterilization and recycling. They got knowledge about the quality of

- Milk production,
- Transformation,
- Pasteurisation,
- Quality control,
- Adulteration testing,
- packing,
- Storing,
- Sterilisation,
- Recycling.

Sir,

Sub: [Reg. Requesting permission to visit Chembarambakkam Lake.]

I am writing on behalf of our students to seek your permission for a field visit to Chembarambakkam Lake. Our college places a high emphasis on outdoor and experiential learning, and we believe that visiting Chembarambakkam Lake will provide our students with valuable insights into environmental conservation and the importance of preserving natural resources. Our students will be educated about the significance of preserving natural habitats, and we will encourage them to adopt responsible behavior during the visit. Thank you for considering our request and we look forward to your positive response.

Yours Sincerely,

  
Dr. B. Sivapathasundharam

**CHEMBARAMPAKKAM LAKE**

**POST-EVENT REPORT**

**Introduction:**

Priyadarshini Dental College and Hospital conducted the field visit to Chembarambakkam Lake on 19.01.23 (Thursday) from 9.30 am to 1.30 pm. 25 students and one faculty member participated in the program.

The primary aims and objectives of the tour, including evaluating the state of the lake, its water quality, and any potential environmental issues

**INDEX**

- Lake details
- Details of the journey.
- Group observation
- Conclusion

**Lake details:**

- About 25 kilometres from Chennai, in the Indian state of Tamil Nadu, is the lake known as Chembarambakkam Lake.
- It is one of the two rain-fed reservoirs from which water is obtained by Chennai City.
- There are 26.03 metres (85.40 feet) in the full tank. The lake can hold 3,645 million ft<sup>3</sup> (108 million m<sup>3</sup>) at full capacity. The tank is at a height of 75.60 feet (23.04 metres) in feet.

**DETAILS OF JOURNEY**

The Department of Public Health Dentistry organized the visit. A total of 25 students were accompanied by Dr. Selvamani (Department of Public Health Dentistry). They were received

DENTAL COLLEGE AND HOSPITAL

(Approved by Dental Council of India, New Delhi & Affiliated to The Tamilnadu Dr. M.G.R Medical University, Chennai - 32.)

by the officer of the Chennai Metropolitan Water Sewage Training Centre division. The following things were explained during the visit

**Water Purity:**

- Evaluation of the colour, odour, and clarity of the water.
- Checking for contaminants, dissolved oxygen, and pH, among other parameters.

**Plant and Animal Life:**

Significant animal and plant species found in and around the lake.

**Facilities:**

Assessment of embankments, dams, and other water management-related constructions.

**Human Actions:**

Examine whether any human activities—such as fishing, rubbish disposal, or leisure pursuits—have an impact on the lake.

**Issues:**

Biodiversity, pollution and erosions

**CONCLUSION**

This visit was such an informative and awareness-provoking event for the students to learn about the preservation of natural resources and its environmental impact.
